Customer Instructions

Prescription Refills on the Go

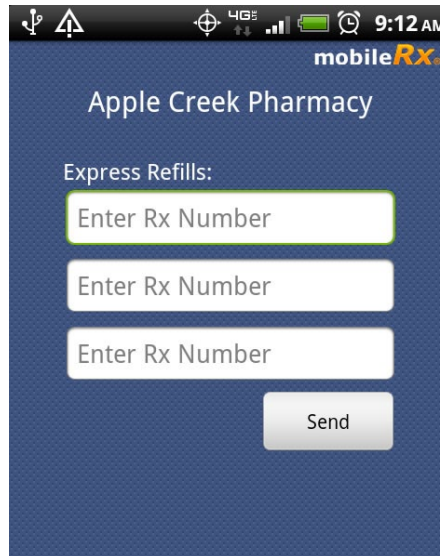

With the mobileRx® app, you can request refills from anywhere at any time from your iPhone® or Android™ phone.

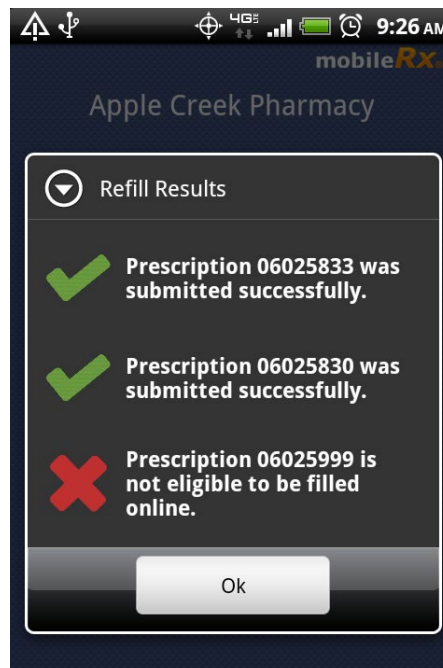

Initial Setup – Scan the QR code to download the app, and enter your pharmacy's phone number (**9125988669**). That will take you to the home screen where you can choose from the different options for requesting refills:

Express Refills – This feature allows you to enter up to three prescription numbers to be refilled at a time. To request more than three refills, repeat the process.

This feature notifies you instantly if prescriptions are accepted or if there is an error.

For assistance, please contact your pharmacy.

Scan a Prescription – Scan the barcode label on the prescription bottle, and click Submit Refill(s).

Pharmacy Information – This option provides information about your pharmacy, including name, address, phone number and hours of operation.
